

Case Studies

Batteni Anjiah

Anjaiah, 27 year old, is the son of Parashuram and Rajamma of Ramadugu village and mandal. When he was few months old he was affected with polio, He has a sister and the family was economically poor and he was unable to continue his education. After his father's death the family was disturbed a lot and Anjaiah took the responsibility of the family. Due to his physical condition he was unable to do normal job and after a hard struggle he learnt skill of making sculptor. He was guided with all the techniques; with this he began supporting his family. The discrimination in the society depressed him, People used to tease him a lot.

The representative of the NPdo network supported a lot to strengthen his life by educating the Rights and the acts of the PWDs He became a member local committee and sharing his views with the member's .Emotionally now he is strong and able to face any situation in his life.

He is very much thankful to the NPdO team and the committee members for encouraging him in all possible ways.
